

**The Alfred Group
Global and Remote
Medical Services.**

Through our strategic partners, we provide board-certified physicians, nurses, and medics dedicated to delivering top-tier medical support. This comprehensive medical support is offered on a global scale for a variety of occasions, such as:

Executive travel; Dignitary protection; Law enforcement; On and offshore expeditions; Humanitarian missions; Disaster response

The team is comprised of board-certified physicians with specialized training in areas such as:

Emergency medical services: Critical care; Tropical medicine; Pediatric emergency medicine; Wilderness medicine Tactical medicine; Disaster medicine; Hyperbaric chamber operation; International medicine

Telehealth Services offers around-the-clock telehealth services, featuring a dedicated, secure line that enables medical consultations through phone or real-time video calls. When needed, we'll work closely with local physicians or the client's primary care provider to ensure seamless coordination of care.
