

The Alfred Group Specialized Services

Alfred Group Mission: At The Alfred Group, our mission is to protect and preserve the legacy of our clients. We stand watch over what matters most, which includes precious family heirlooms, art collections, gold coins, prized animals and irreplaceable keepsakes.

Legacy Priceless Heirlooms: Over two decades, the partners of The Alfred Group have been protecting these priceless heirlooms for the wealthiest families in the world. Today, The Alfred Group brings that expertise to all our clients to protect their legacy.

Core Protection Methods:

Prized Animals

- Written movement plan covering routes, timings, contingencies, veterinary needs, and emergency contacts, treating the trip as an “operation”
- Anticipate weak security areas and ensure proper protection
- Move animals only in purpose-built, escape-proof, ventilated crates, stalls, or trailers with appropriate padding, footing, and climate control
- Use enclosed, dedicated vehicles or aircraft holds for high-value animals to reduce public visibility, shield from weather, and prevent co-mingling with other cargo; limited access from only vetted individuals

Art, Coins and Collectibles

- Access Control and Operational Security
- Discreet, High Security Transport
- Implement layered security at home and office

Expertise

- Tier One professionals with military and law enforcement experience and decades of protecting the most precious assets for high-net-worth families
